MOTION PICTURES

The Motion Picture Service, Office of Information, U. S. Department of Agriculture, produces and distributes motion pictures on subjects with which the Department is concerned. They are both sound and silent and are released in 16-mm. and 35-mm. widths. Films in the 16-mm. size are available from State film libraries; 35-mm. films are available only from Motion Picture Service. They are lent for educational purposes to groups and organizations or may be purchased outright. Prints of Department films may be obtained from 78 cooperating film libraries in the 48 States, the District of Columbia, and the Territories of Alaska, Hawaii, and Puerto Rico.

THE AGRICULTURE STORY. 16 mm, sound, color. Running time, 13½ minutes. Released 1956.

Why American agriculture is the most efficient and productive in world history is the major theme of this documentary film. The picture dramatizes the forces of nature, the gifts of science and research, and the great works of American farmers and machines operating in a free economy. Shows the functional services of the U. S. Department of Agriculture and the cooperative assistance rendered by the land-grant colleges and universities, by state agencies, and by American industry. TV cleared. (Available for loan from most Land-Grant College film libraries. Inquire of Motion Picture Service for purchase.)
